Architecture and Sustainable Urban Environments
Graduate study in the School of Architecture focuses on innovative and sustainable solutions to today’s urban challenges. In both the Professional Architecture and Sustainable Urban Environments programs, you will use the city of Boston as a living laboratory to develop creative, entrepreneurial solutions to the complex challenges facing contemporary designers.

PROGRAM OVERVIEW
Through a distinctive case study approach and rigorous, research-based design studios, students develop real-world solutions to urban challenges, focusing on deep analysis of specific sites. Students have the option to complement their study in Boston with a semester at our program in Berlin, Germany.

Three different curricula in the graduate program in Architecture lead to the Master of Architecture (MArch) degree:

• One-year track for students with a Northeastern University Bachelor of Science (BS) in Architecture. Students with a Bachelor of Architecture (BArch) from select other schools may also be eligible for admission.
• Two-year track for students with a BS in Architecture or equivalent from another institution or students with a BS in Architectural Studies from Northeastern University.
• Three-year track for students with undergraduate degrees in disciplines other than architecture.
• Advanced placement available.

APPLICATION DEADLINE
FEB 01
Master of Design for Sustainable Urban Environments

APPLICATION DEADLINES

FALL
- FEB 01 Priority deadline for scholarship consideration
- MAY 01 All international applicants
- AUG 01 All domestic applicants

SPRING
- OCT 01 All international applicants
- NOV 01 All domestic applicants

SAMPLE CURRICULUM

One-year MDES-SUEN Track
- Design 12
- Ecology/Building Technology 08
- History/Theory/Policy 08
- Elective 08
- TOTAL CREDIT HOURS 36

Two-year MDES-SUEN Track
- Design 24
- Ecology/Building Technology/Visualization 16
- History/Theory/Policy 16
- Elective 08
- TOTAL CREDIT HOURS 64

PROGRAM OVERVIEW

The Master of Design for Sustainable Urban Environments (MDES-SUEN) offers a dynamic curricular mix of design, theory, visualization, and technical courses enriched by diverse interdisciplinary electives.

MDES-SUEN students learn to be innovative and entrepreneurial creators and managers of next-generation built environments that strive for environmental and socio-cultural sustainability.

The program offers two tracks:
- One-year track for students with a professional degree in landscape architecture, architecture, or planning.
- Two-year track for students with undergraduate degrees in other disciplines.
- Advanced placement available.

POTENTIAL CO-OPS

Bergmeyer
Boston Harbor Authority
CBT
Gensler
Payette
Perkins + Will
Rose Kennedy Greenway
Sasaki

Matthew Shultis, AMD '17 (MArch)
Professional Accreditation

The Master of Architecture degree offered in the School of Architecture is accredited by the National Architectural Accrediting Board (NAAB).

Scholarships + Financial Support

Northeastern University and the College of Arts, Media and Design offer students a range of financial resources including competitively awarded scholarships and assistantships.
